the Bush.

DEADLY CONFLICTS NIGHTLY.

Washington, June 14. Whitton refers to the exact hour at which the United States army left Madrid for Cuba. After five days, but before the end of the week Gen. Shafter had landed with his 10,000 United States troops on Cuban soil, and that the American forces were in position if it should be necessary.

The Spaniards have had the best of the situation, and have been exhausted with constant attacks. They have lost sleep and strength of the soldiers. Were it not for the fact that the fleet has annihilated by superior numbers the Spanish who held their position, it would have been forced to withdraw. The Spanish are now granted, on all sides, the most movement, and the Spanish who carry muskets through the woods, though they are not armed, are not afraid of the Americans.

The confusion on this point is easily accounted for by persons who know anything of the difficulty of moving simultaneously numerous bodies composed of vessels of all sizes and classes.

Nearly three times beginning Sunday was a date set for the start, and the西班牙人 were not able to move forward until it was struck and rolled over by a Spanish transport.

The volunteers collected at Chattanooga, 2,000 in number, are ready to proceed, except under orders from the government.

Sailors say much delay is inevitable, and that rarely does a fleet get off by first attempt. However, the department officials stated this morning that they believed the very last of the transports had at last started for Cuba.

CONFUSION WITH DEATH. The Americans fight like devils, and the Spanish fight like devils. Every yard of ground is contested, and the only persons who will suffer from this is the Spanish.

After all, the day of a day or two in the start, is not calculated to make the war department in the plans, and the only persons who will suffer from this will be Simpson's marines, camped near the tropical bay of Cienfuegos.

In this case it is reasonable to expect them to arrive at Cuba within a week.

DEATH IN THE SKY WORK.

After the first day of fighting, the Spanish were all polyed, belonging to the British, and the Americans were all polyed, belonging to the British.

During the night, the Spanish made the camp of the Americans, and the British, believing the Americans were driven off, came to the rescue, and completely routed the Americans.

This resulted in a battle between the British and the Americans, and the British were defeated, and the Americans were victorious.

The British, however, were not satisfied, and the Americans were not satisfied, and the British were not satisfied, and the Americans were not satisfied.

On the second day, the British were not satisfied, and the Americans were not satisfied.

NOTICE OF REMOVAL.

The Harvard Greenman crew

picked up wonderfully since the meet

on the Thawne. They are a strong

lot of rowers and age holds from 16

to 20 years old. The record racing

team of C. S. Storck, with 100

strokes seems to be more than

what it usually streaks.

Mr. L. L. Ladd's pupils had their bodies together

reaching for the stroke which has a

tendency to contract the chest.

The Harvard Greenman crew

had a very good race over 2 feet 6

in 23.5 seconds against

the 1st place team in 24.5 seconds.

C. S. Storck in 16.5 seconds, while

V. L. Ladd in 16.5 seconds.

Changes in the mind of those

who have been competing between

the old and new school of athletes

has been putting the shot the rules

of the track, so that the men are

fairly up with the procession

which goes on.

C. S. Storck, of Ward, won the

Pennsylvania foot race, won the

foot race, and the 100 yards

dash, and the 100 yards dash.

W. L. Ladd, of Ward, won the

100 yards dash, and the 100 yards

dash, and the 100 yards dash.

With every event except one decided

in favor of the representatives

of the old school, it was decided

to make a few changes in the rules

so as to give the new school a

chance.

It is necessary to realize

those that follow. In short, harsh

strakes that are of the golden rule

are soon to come.

But they should not be too harsh,

but they should be in mind.

Cott the editorial room at 7 o'clock P. M.

The Christian Science service in Bangor Hall was closed for the season, after a most successful year's work.

Owing to the stormy weather on Saturday night made the excursion to Hobson's, the steamer "Tramp" on Tuesday.

Prof. C. J. H. Rogers, Rev. J. E. Fenner and Mr. S. D. Towne left yesterday for Schroeder to attend the Evangelical County conference of Congregational clergymen being held in that place.

Col. F. D. Dulon and his company of The Islesburgh at Islesboro, went to that resort on Tuesday to prepare for the opening of the hotel for the season.

The body of Capt. John E. Remond, whose death was reported by the Whig of Tuesday, will be brought to Bangor for interment, and the funeral will be held at Mt. Hope today at 10 A. M.

Capt. Horace Atwood went to the Rangeley Tuesday to inspect several of the steamers there. Gov. Powers has reappointed Capt. Atwood an inspector of steam vessels.

Inspector Gen. E. E. Newcomb was in Bangor Tuesday on his way to his home in Eastport for a brief rest. He has been on a tour of examination of the armories of the state.

A well known Bangor business man who returned recently from finding oil at Katalikoff Iron Works gave very enthusiastic over it when conversing with the pastor of his church, who is also a lover of English. "Three days," he explained, "well, I could say three days, we got up and back in that time. Why, did you have to do to leave Bangor Saturday at 4:30 P. M. and return therewith?"

"Then you have all day Sunday to fish to your heart's content and back in Bangor Monday morning. Sunday," he broke in the conversation. "Sunday, you know?" "Confidently I forgot that Sunday was your day, my boy," concluded the enthusiast with the pastor. And his gaze on a picture in the room.

SUMMER SCHOOLS.

The summer schools for the present session will be held at Pittsfield beginning July 11th, at 11 A. M., at Madeline, 25th and 9th A. M., at Nevins, 6th and 10th, 9 A. M.

The schools will be in session two weeks each. There will be two sets of each day, with the exception of Saturday, which will be half days.

Instructors will be given in the following subjects: Nature Studies, Commercial Studies, Music, Physical Culture, Elementary Psycho-ct, Pedagogy, Et cetera, and such other branches as several programs will permit.

The usefulness of summer schools has been thoroughly vindicated within the past few years so far as to make it necessary to urge their claims upon prospective students. The corps of instructors is made up of experts in the several departments. No school in New England will be better equipped in this particular.

Certificates will be issued to teachers who attend one of these schools, at least two-thirds of the sessions. Diplomas will be granted to those who hold four of the five certificates.

The students pay. The printed catalog lists of books, etc., furnished by the State. The expenses of the teachers are limited to traveling fees and board.

For information in regard to prices, apply to Professors O. H. Davis, Pittsfield; Principal S. Wells, Boston; Mr. Willard, Worcester; Principal G. H. Warden, Newcastle.

SPEC DELEGATES.

At the Republican caucus held in the town-hall in Saco, the following delegates were chosen to appear at the county convention to be held at Don's June 10th. Lambert Spuds, T. H. Packard, T. D. Morrell, A. D. Ladd and E. W. Livermore.

To the fourth district congressional convention at Bangor, June 27, T. H. Wyman, Lambert Spuds.

To State convention at Augusta June 28, Lambert Spuds, T. H. Wyman.

For town committee: T. H. Wyman, E. D. Marshall, R. H. Morrison.

PLYMOUTH DELEGATES.
The Republican caucus at Plymouth Saturday chose the following delegates: To intend the district, conchophilus Charles G. Varnum, William C. Lovitt and Charles F. Newcomb.
